

NAVIGATING EXCELLENCE AND INNOVATION
City Integrated Research Institute

A unit of **City** | Imaging & Clinical Labs
Advanced Diagnostics

Central Reference Lab

Clinical Trials & Studies

Central Lab Services

Core Imaging Services

VISION

& MISSION

VISION

“ Always ahead with Technology ”

To be a trusted leader in diagnostic and central laboratory & core imaging laboratory services by delivering accurate, reliable, and timely results across pathology, radiology, cardiology and neurology—driven by quality, innovation, and ethical practices, and recognized for excellence in patient care and clinical trials support.

MISSION

To deliver accurate, reliable, cost-effective, and timely diagnostic and clinical trials services by maintaining a robust Quality Management System aligned with ISO 15189, NABH MIS, relevant NABH/NABL guidelines, GCLP, and applicable GxP requirements, while upholding objectivity, integrity, confidentiality, and impartiality, and continuously improving our services through skilled personnel, advanced technology, regular training, and effective implementation.

OUR LEGACY

01

Legacy of Trust, Credibility and Quality Diagnostics

A long-standing reputation for reliability and quality.

02

Wide Presence

Extensive network of accredited facility (NABL & NABH) in Delhi NCR. Additional services from sister concern "City X-Ray & Scan Clinic Pvt. Ltd".

03

Integrated Solutions

Integrated high end Radiology & Pathology services under one roof.

04

Technology-Enabled Premium Diagnostics

Advanced technology supporting various modalities.

05

Strong Team & Competent Professionals

Expertise from diverse experienced professionals.

06

State-of-the-Art Facilities

Modern infrastructure, with set up for home phlebotomy, multiple satellite centres & services at doctors clinics.

07

Logistics Network

Efficient system for biological sample transportation from PAN India and globe, as per study requirements.

08

Regulatory Compliance

Adherence to industry standards & regulations (ICH GCP, GCLP).

09

Corporate Quality Assurance Unit

Independent CQA unit ensuring quality regulatory standards.

ACCREDITATIONS & CERTIFICATIONS

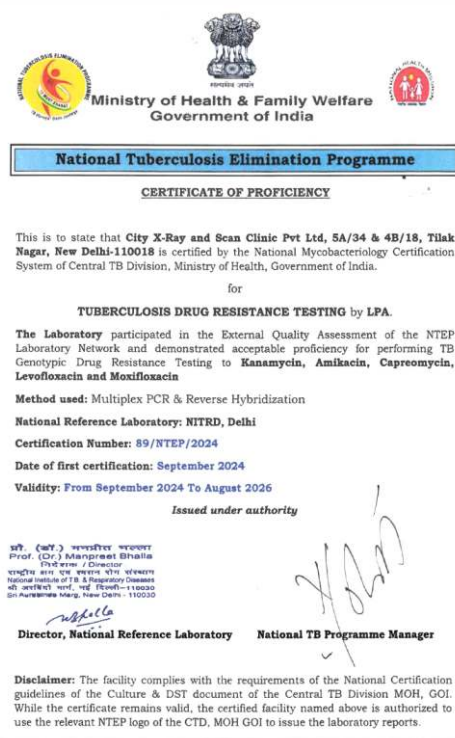

NABL Accredited Since 2019

NABL Accredited Since 2018

NTEP CERTIFIED LABORATORY FOR TUBERCULOSIS DRUG RESISTANCE TESTING BY LPA

PERSONALISED EXPERIENCE

ACROSS VARIOUS FORMATS

Large Format Centers In Premium Locations To Provide A Superior Patient Experience.

Central Lab Services

Core Imaging Services

Collection Centres

Home Collections

Hospital Collaborations

B2B Clients

Extensive Range Of Diagnostic Services In Radiology And Pathology (*Incl. Routine, Specialized & Super Specialized*) Offered Across All Channels To Both Domestic & International Patients.

ROUTINE AND SPECIALIZED RADIOLOGY

DIAGNOSTIC INVESTIGATIONS UNDER ONE ROOF

EXPERTISE IN

RADIOLOGY

- 3T WIDE BORE SILENT MRI
- 160 SLICES/ S CT SCAN WITH CARDIAC ANGIOGRAPHY
- X RAY (ROUTINE & SPECIALIZED) 800 MA & 500 MA
- 4D ULTRASOUND & COLOR DOPPLER
- DENTAL RADIOLOGY
- CORE IMAGING SERVICES
- FIBROSCAN

CARDIOLOGY

- ECG
- ECHO
- TMT
- D-STRESS ECHO
- HOLTER MONITORING
- BMD (DEXA SCAN)
- MAMMOGRAPHY
- PFT
- UROFLOWMETRY

NEUROLOGY

- EEG/ NCV
- BERA
- VER/ VEP
- SSEP
- EMG

*Best In Class Regulatory Compliant Clinical Trials Solutions
And Project Management*

ROUTINE AND SPECIALIZED LABORATORY

DIAGNOSTIC INVESTIGATIONS UNDER ONE ROOF

ADVANCED IMMUNOLOGY SERVICES

Equipped Infrastructure:

- BSL III & Class II Biosafety cabinets(BsCs).
- Refrigerated centrifuges & calibrated incubators.
- Controlled-temperature processing zones.
- 24x7 Continuous Temperature Monitoring.

Skilled Immunology Team:

- Trained staff for cell isolation, viability assessment, and stimulation workflows.
- Experienced in downstream applications (e.g., intracellular staining, cytokine assays).

Validated & Flexible Protocols:

- PBMC isolation from whole blood.
- Standardized WB stimulation using mitogens, antigens, or cytokines.
- Aligned with GCLP, ISO 15189, and relevant standards.

End-to-End Sample Lifecycle Management:

- From blood draw to cryopreservation.
- Temperature-controlled handling, validated logistics, and digital traceability.

OTHERS SERVICES:

- Study Set Up And Supplies
- Sample Collection & Temperature Controlled Shipments
- Medical Device And Equipment Validation
- Set Up And Validate New Biomarkers Assays To Support Drug/Vaccine Development Needs

SPECIALIZED TESTING

Flow Cytometry: Haematological Flow Cytometry Tests

On State-of-the-art, clinical-grade system designed for precision immunophenotyping and cellular analysis—ideal for hematological and immunological studies.

 **BD FACSLyric™**
Flow Cytometry System

VACCINE SEROLOGY & IMMUNOGENICITY

CORE IMAGING SERVICES

HIGH QUALITY LAB SERVICES

Safety Testing for Trials & Sero-Surveillance

Clinical Trial Supplies & Sample Management

Vaccine and Immunogenicity

Research Grade Testing and Tech-Transfers Including PBMC Testing

Biorepository Solutions

Public Health Projects

Validations

Pan-India operations with temperature-controlled shipments, timely pickups, high-quality reports & excellent TAT

LOGISTICS SERVICES

Trained Logistics Team

Competent in-house team ensuring smooth operations

Temperature Control

Devices maintaining sample integrity with digital monitoring

Quality Assurance

Commitment to high standards in all processes

Complete Automation

Streamlined processes through automation technology

Home Collection Services

Convenient and hassle-free services across Delhi NCR

Safe Collection Kits

Sterile, single-use kits ensuring safety and hygiene

Phlebotomist Tracking

Real-time monitoring of phlebotomists for efficiency

Pan India & Global Logistics

Nationwide sample transport via qualified partners

LABORATORY INFORMATION MANAGEMENT SYSTEM (LIMS) AND DATA MANAGEMENT

Dedicated & Validated
LIMS for Clinical Trials RND Modules

Regulatory Compliance
Ensures adherence to 21CFR part 11 and accreditation standards.

Audit Trails
Provides detailed tracking of system activities.

IT Support
Provides dedicated IT support for system maintenance.

Equipment Interfacing
Enables real-time data exchange with lab equipment.

Document Flows
Streamlines document processes for compliance.

Cloud Backup
Ensures data safety through cloud storage.

Archival and Retention
Securely stores records as per regulatory needs.

Records Management
Maintains robust records across various media.

Data Management
Manages client data and study requirements effectively.

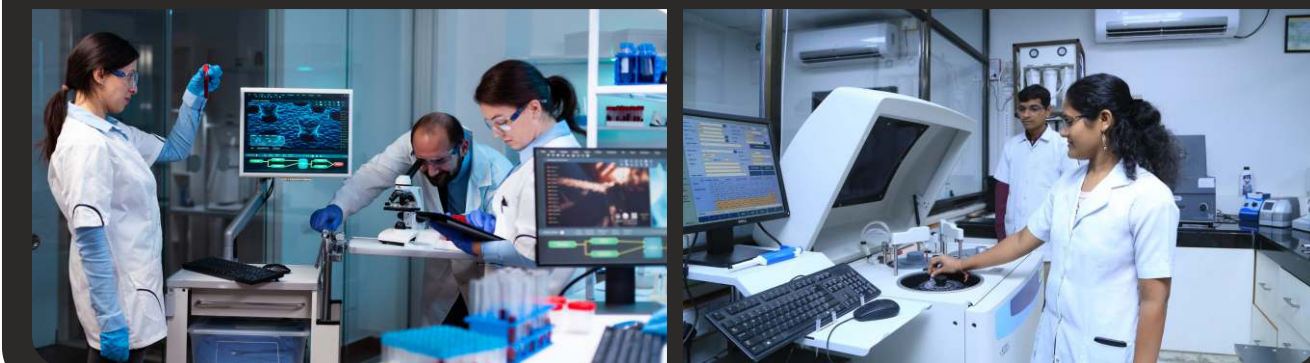

INFRASTRUCTURE & EQUIPMENT

The **safe ergonomics** and best of **safety measures** offer a protective laboratory environment which is a pre-requisite for performance enhancement and hence, we are equipped with a well-structured, Stand-Alone, State-of-the-Art, planned facility with defined space and segregation of various work areas, performing wide range of tests in-house, enable achieving **Quality by design (Qbd)**.

- Robust Equipment Management Program.
- IQ, OQ, PQ, fit for purpose.
- Back up of each equipment.
- Calibration, Preventive maintenance and routine maintenance as per manufacturer recommendation.
- Bi-directional interfacing with the LIMS; ensures no transcription errors.
- Regular upgradation to the best-in-class testing platforms for each test aimed at delivering the highest quality of reporting.
- Machine intelligence provide real time updates on the assay's performance.

Globally Best Available Automation For Advanced Solutions.

OUR ACADEMIC ACHIEVEMENT & MEDIA OUTREACH

Publications in > 100 Journals
(National & International)

CMEs >300

Press Release &
Media Publications >400

Academic
Participation >250

Awards
Program >50

Health
Camps > 100

Capacity building and contributing to healthcare through numerous National and International Training programs, workshops and conferences.

WHY CHOOSE US

AS A CENTRAL REFERENCE LAB?

High-Quality Reports

Consistent and compliant reports

Personalized Services

Tailored services to meet sponsor needs

High-Quality Studies

Efficient studies that minimize issues and meet timelines

Customizable Setups

Flexible study setups and workflows

Standardized Platforms

Automated testing platforms ensuring consistency

Strong Credentials

Quality accreditations in labs and imaging

Comprehensive Test Menu

Wide range of routine and specialized assays

Exceptional Sample Care

Detailed attention to sample handling

Stellar Project Management

Seamless coordination by a skilled team

Integrated Central Lab & Core Imaging Services

High-quality services for Sponsors/CROs

Advanced & Validated LIMS

Real-time tracking and data integrity

Pan-India Logistics

Reliable logistics network across India

Consistent Communication

Regular updates with client teams

Temperature-Controlled Shipments

Timely and temperature-controlled shipments

Integrated Solutions

End-to-end solutions for clinical development

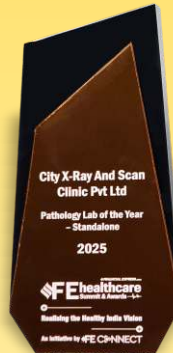

AWARDS & APPRECIATIONS

**Best in Class
Central Laboratory**
For Advancing Clinical Research
and Development
Award by:
India Vaccine Leaders
Conclave 2025

**Service Excellence
in Diagnostic & Imaging**
Award by:
Times of India 2025

**Diagnostic Center &
Pathology Lab of The Year**
Award by:
Financial Express 2025

**The Best Diagnostics
Centre Standalone-
North India**
Award by:
Financial Express 2023
